A. HPSCI Investigation of Klaus Barbie Affair

C/INS was advised on 11 May of our meeting with HPSCI;
results of that meeting ^{are} ~~wax~~ unremarkable. Met only
with Bernie Raimo (Steve Berry not available). Raimo
did not review Barbie's 201 files I had with me; he preferred
to discuss in general, i.e., what the Agency knew, or
knows, about Barbie; how our records searched and
when the Agency opened a file on Barbie. I confirmed
to him that our records indicate Barbie handled by
the 66th CIC and that there is no indication of Agency
involvement whatsoever.

When asked what the end result of the HPSCI's investigation
would be, he said that he did not know. Although he has
spoken with Allan Ryan, as of yet there has been no HPSCI
coordination with the Judiciary Committee on the investigation.
Raimo said the HPSCI's main interest was discovering whether
there had been any relationship between Barbie and any of
the intelligence agencies.

Raimo acknowledged that he would like to come to Hqs for
a review of our records; to date we have not heard from
him as to a specific day and time.

alert Stewart who is in area; C. I retired to Luxembourg.

- b. On 31 May Ryan advised OGC that he planned to travel to Paris and had requested permission of the French to interview Barbie--he did not know when he would go. On Friday, 3 Jun, OGC learned from Ryan's secretary that he was "out of the country and she did not know when Ryan would return." French Desk subsequently advised that undoubtedly he was on his way or in Paris.
